EDUCATION

Azusa Pacific University
Bachelor of Science in Nursing
3.8 GPA, Dean's List

Expected Graduation: December 2026

EXPERIENCE

Children's Hospital Los Angeles - Los Angeles, CA

March - April 2026

Student Nurse Intern - 90 Clinical Hours

- Rotated through PICU, BMT, CV acute, and med-surg units; performed pediatric assessments and calculated weight-based medication dosages for safe administration

Kaiser Permanente Mental Health Center - Los Angeles, CA

August - November 2025

Student Nurse Intern - 90 Clinical Hours

- Utilized therapeutic communication techniques (active listening, open-ended questions) to establish rapport and provide psychosocial support for patients with acute psychiatric disorders.
- Conducted comprehensive Mental Status Exams (MSE) and safety assessments, consistently monitoring affect, mood, and potential risks for self-harm.

Second Affiliated Hospital of Zhejiang University - Hangzhou, China

January - April 2025

Student Nurse Intern - 160 Clinical Hours

- Rotated through CVICU, Cardiology, and Emergency Departments, supporting telemetry monitoring, acute assessments, and interdisciplinary rounds.
- Performed comprehensive system assessments (neurological, cardiac, respiratory, GI, GU)
- Provided direct care to a complex patient population including those with Strokes, TBIs, and acute cardiac conditions

City of Hope - Duarte, CA

Student Nurse Intern - 110 Clinical Hours

August - December 2024

- Delivered direct patient care under RN supervision including bathing, toileting, feeding, grooming, vitals, and I&O documentation in Epic
- Safely assisted with ambulation, transfers, repositioning, and fall prevention for oncology patients
- Followed chemo and neutropenic precautions, reinforcing strict infection control and patient safety

Huntington Hospital - Pasadena, CA

Student Nurse Intern - 110 Clinical Hours

January - April 2024

- Performed ADLs (bathing, toileting, grooming, feeding), safe ambulation/transfers (gait belt/stand-assist), and coordinated patient transport.
- Practiced infection prevention (standard/isolation precautions, PPE, equipment cleaning)
- Communicated clearly with patients/families using teach-back to reinforce education and promote comfort.
- Medication administration and IV insertion; prepared supplies and verified 6 rights with preceptor
